Sweden, a cashless society

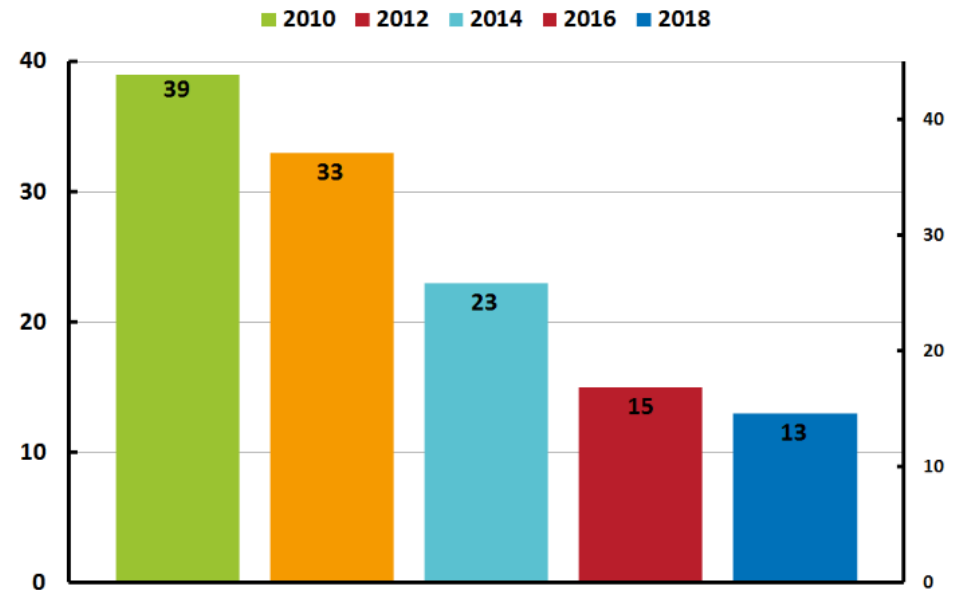

Which means of payment have you used in the past month?

The use of Swish has increased very rapidly in recent years. Parallel to the increase in popularity of Swish, the percentage of households stating that they used cash during the past month has continued to decline.

Percentage who responded that they paid in cash for their most recent purchase

For eight years, the percentage of respondents paying in cash has declined from around 40 per cent to 13 per cent.
