GUIDELINE (EU) 2015/[XX*] OF THE EUROPEAN CENTRAL BANK

of 2 April 2015

**amending Guideline ECB/2012/27 on a Trans-European Automated Real-time Gross settlement
Express Transfer system (TARGET2)
(ECB/2015/15)**

THE GOVERNING COUNCIL OF THE EUROPEAN CENTRAL BANK,

Having regard to the Treaty on the Functioning of the European Union, and in particular Article 127(2) thereof,

Having regard to the Statute of the European System of Central Banks and of the European Central Bank, and in particular Article 3.1 and Articles 17, 18 and 22 thereof,

Whereas:

- (1) The Governing Council of the European Central Bank (ECB) adopted Guideline ECB/2007/2¹ governing TARGET2 which is characterised by a single technical platform called the Single Shared Platform (SSP). After a series of amendments this Guideline has been recast as Guideline ECB/2012/27².
- (2) On 17 July 2008, the Governing Council decided to launch a project aimed at setting up a service for securities settlement in central bank money, to be provided to central securities depositories (CSDs) under the name of TARGET2-Securities (T2S). As part of the Eurosystem's tasks in accordance with Articles 17, 18 and 22 of the Statute of the ESCB, T2S aims to facilitate post-trading integration by offering core, neutral and borderless pan-European cash and securities settlement in central bank money so that CSDs can provide their customers with harmonised and commoditised delivery-versus-payment settlement services in an integrated technical environment with cross-border capabilities.
- (3) On 21 April 2010 the Governing Council adopted Guideline ECB/2010/2³, laying down the basic foundations for a Eurosystem service for securities settlement in central bank money, TARGET2-Securities (T2S), setting up the T2S Programme in its development phase and further specifying

the governance procedures of the Eurosystem applicable in this context. Guideline ECB/2010/2 was repealed by Guideline ECB/2012/13⁴.

- (4) On 4 March 2015, the General Court of the European Union rendered its judgment in *United Kingdom v European Central Bank*, T-496/11, ECLI:EU:T:2015:496, annulling the Eurosystem Oversight Policy Framework, published by the ECB on 5 July 2011, in so far as it sets a requirement to be located within a Member State party to the Eurosystem for central counterparties involved in the clearing of securities. The ECB must therefore take the necessary measures to comply with this judgment.
- (5) As the euro area national central banks (NCBs) will provide auto-collateralisation services and settlement in central bank money in T2S, Guideline ECB/2012/27 should be amended as follows,

HAS ADOPTED THIS GUIDELINE:

Article 4

General description of T2S and TARGET2

1. TARGET2 provides real-time gross settlement for payments in euro, with settlement in central bank money across PM accounts and DCAs. By virtue of Guideline ECB/2012/27¹², TARGET2 also provides real-time gross settlement services in respect of T2S transactions for DCA holders having ensured a link with a securities account at a participating CSD. Such services are provided on the T2S Platform, enabling the exchange of standardised messages in respect of the transfers from and to the DCAs opened on the books of the relevant euro area NCB in TARGET2.
2. The following transactions are processed in TARGET2-[insert CB/country reference]:
 - (a) payment orders directly resulting from or made in connection with Eurosystem monetary policy operations;
 - (b) settlement of the euro leg of foreign exchange operations involving the Eurosystem;
 - (c) settlement of euro transfers resulting from transactions in cross-border large-value netting systems;
 - (d) settlement of euro transfers resulting from transactions in euro retail payment systems of systemic importance;
 - (e) settlement of the cash leg of securities transactions;
 - (f) DCA to DCA liquidity transfer orders, DCA to PM liquidity transfer orders and PM to DCA liquidity transfer orders; and
 - (g) any other payment orders in euro addressed to TARGET2 participants.
3. TARGET2 provides real-time gross settlement for payments in euro, with settlement in central bank money across PM accounts and DCAs. TARGET2 is established and functions on the basis of the SSP through which all payment orders are submitted and processed and through which payments are ultimately received in the same technical manner. As far as the technical operation of the Dedicated Cash Accounts on T2S is concerned, TARGET2 is technically established and functions on the basis of the T2S Platform. The [insert name of CB] is the provider of services under these Conditions. Acts and omissions of the SSP-providing NCBs and the 4CBs shall be considered acts and omissions of [insert name of CB], for which it shall assume liability in accordance with Article 21 below. Participation pursuant to these Conditions shall not create a contractual relationship between participants

¹² Guideline ECB/2012/27 of 5 December 2012 on a Trans-European Automated Real-time Gross settlement Express Transfer system (TARGET2) (OJ L 30, 30.1.2013, p. 1).

and SSP-providing NCBs or the 4CBs when any of the latter act in that capacity. Instructions, messages or information which a participant receives from, or sends to, the SSP or T2S Platform in relation to the services provided under these Conditions are deemed to be received from, or sent to, [insert name of CB].

4. TARGET2 is legally structured as a multiplicity of payment systems composed of all the TARGET2 component systems, which are designated as “systems” under the national laws implementing Directive 98/26/EC. TARGET2-[insert CB/country reference] is designated as a “system” under [insert the relevant legal provision implementing Directive 98/26/EC].
5. Participation in TARGET2 takes effect via participation in a TARGET2 component system. These Conditions describe the mutual rights and obligations of DCA holders in TARGET2-[insert CB/country reference] and the [insert name of CB]. The rules on the processing of payment orders under these Conditions (Title IV of this Annex and Appendix I) refer to all payment orders submitted or payments received by any TARGET2 participant.

For the purposes of the first sentence of Article 3(1) and Article 5 of Directive 98/26/EC and [insert national law provision implementing these Articles of Directive 98/26/EC], DCA to DCA liquidity transfer orders or DCA to PM liquidity transfer orders are deemed entered into TARGET2-[Insert CB/country reference] and are irrevocable at the moment that the relevant DCA holder's DCA is debited. PM to DCA liquidity transfer orders are governed by the Harmonised Conditions for the Opening and Operation of a PM account in TARGET2 applicable to the TARGET2 component system from which they originate.
2. For the purposes of the first sentence of Article 3(1) and Article 5 of Directive 98/26/EC and [insert national law provision implementing these Articles of Directive 98/26/EC] and for all transactions settling on DCAs and which are subject to matching of two separate transfer orders, such transfer orders are deemed entered into TARGET2-[Insert CB/country reference] and are irrevocable at the moment that the relevant DCA holder's DCA is debited.
3. The rules provided for in paragraph 2 shall be replaced by the rules below two weeks after the Governing Council of the ECB has determined that an agreement has been signed between the Eurosystem CBs and the Connected NCBs, on the one hand, and all CSDs participating in T2S at the date of such agreement, on the other hand, on the provision of information and liability.
 - (a) For all transactions settling on DCAs and which are subject to matching of two separate transfer orders, such transfer orders are deemed entered into TARGET2-[Insert CB/country reference] at the moment at which they have been declared compliant with the technical rules of T2S by the T2S Platform and irrevocable at the moment the transaction has been given the status "matched" on the T2S Platform; or
 - (b) As an exception to point (a), for transactions involving one participating CSD having a separate matching component where transfer orders are sent directly to that participating CSD to be matched in its separate matching component, transfer orders are deemed entered into TARGET2-[Insert CB/country reference] at the moment at which they have been declared compliant with the technical rules of T2S by that participating CSD and irrevocable from the moment the transaction has been given the status "matched" on the T2S Platform. A list of CSDs for which this point (b) applies is available on the website of the ECB.

3. The [insert name of CB] is not liable for any loss that results from any malfunction or failure in the technical infrastructure (including but not limited to the [insert name of CB]'s computer infrastructure, programmes, data, applications or networks), if such malfunction or failure arises in spite of the [insert name of CB] having adopted those measures that are reasonably necessary to protect such infrastructure against malfunction or failure, and to resolve the consequences of such malfunction or failure (the latter including but not limited to initiating and completing the business continuity and contingency procedures referred to in Appendix IV).
4. The [insert name of CB] shall not be liable:

The [insert name of CB]'s obligation shall be limited to the due selection and commissioning of any such third parties and the [insert name of CB]'s liability shall be limited accordingly. For the purposes of this paragraph, the SSP-providing NCBs and the 4CBs shall not be considered as third parties.

FINAL PROVISIONS

Article 26

The [insert name of CB]’s rights of pledge and set-off

1. [Insert if applicable: The [insert name of CB] shall have a pledge over the DCA holder’s existing and future credit balances on its DCAs, thereby collateralising any current and future claims arising out of the legal relationship between the parties.]
 - 1a. [Insert if applicable: A DCA holder’s current and future claims towards the [insert name of the CB] arising from a credit balance on the DCA shall be transferred to the [insert name of the CB] as collateral, i.e. as a fiduciary transfer, for any current or future claim of the [insert name of the CB] towards the participant arising out of the [insert reference to the arrangement implementing these Conditions]. Such collateral shall be established by the mere fact that the funds have been credited to the DCA holder’s DCA.]

2. DCA holders shall be deemed to have authorised the [insert name of CB] to obtain any information relating to them from any financial or supervisory authority or trade body, whether national or foreign, if such information is necessary for the DCA holders' participation in TARGET2-[insert CB/country reference].
3. DCA holders, when acting as the payment service provider of a payer or payee, shall comply with all requirements resulting from administrative or restrictive measures imposed pursuant to Articles 75 or 215 of the Treaty to which they are subject, including with respect to notification and/or the obtaining of consent from a competent authority in relation to the processing of transactions. *Article 31***Amendment procedure**

The [insert name of CB] may at any time unilaterally amend these Conditions, including their Appendices. Amendments to these Conditions, including their Appendices, shall be announced by means of [insert relevant means of announcement]. Amendments shall be deemed to have been

- (2) The following parameters shall be checked:
- Order Reference (End to End Id);

 - instructed Amount.
- (3) If all the fields described in point (2) in a newly submitted liquidity transfer order are identical to those in a liquidity transfer order which has been accepted but not yet

The T2S network service providers' networks shall be the underlying technical communications networks for exchanging information and running control measures. The following modes shall be available for use by DCA holders:
 - (a) Application-to-application mode (A2A)

In A2A, information and messages are transferred between the T2S Platform and the DCA holder's internal application. The DCA holder therefore has to ensure that an appropriate application is available for the exchange of XML messages (requests and responses).
 - (b) User-to-application mode (U2A)

U2A permits direct communication between a DCA holder and the T2S GUI. The information is displayed in a browser running on a PC system. For U2A access the IT infrastructure has to be able to support cookies and JavaScript. Further details are described in the T2S User Handbook.
- (2) Static data shall be available to view in U2A mode. The screens shall be offered in English only.

- (3) Information shall be provided in “pull” mode, which means that each DCA holder has to ask to be provided with information.
- (4) Access rights to the U2A and A2A mode shall be granted by using T2S GUI.
- (5) The “Non Repudiation of Origin” (NRO) signature allows the recipient of a message to prove that such message has been issued and has not been altered.
- (6) If a DCA holder has technical problems and is unable to submit any liquidity transfer order, it may contact its central bank which will on a best efforts basis act on behalf of the DCA holder.

8. **Relevant documentation**

TARGET2 COMPENSATION SCHEME IN RELATION TO THE OPENING AND THE OPERATION OF THE DCA

1. General principles
 - (a) If there is a technical malfunction of TARGET2, DCA holders may submit claims for compensation in accordance with the TARGET2 compensation scheme laid down in this Appendix.
 - (b) Unless otherwise decided by the ECB's Governing Council, the TARGET2 compensation scheme shall not apply if the technical malfunction of TARGET2 arises out of external events beyond the reasonable control of the CBs concerned or as a result of acts or omissions by third parties.
 - (c) Compensation under the TARGET2 compensation scheme shall be the only compensation procedure offered in the event of a technical malfunction of the TARGET2. DCA holders may, however, use other legal means to claim for losses. If a DCA holder accepts a compensation offer under the TARGET2 compensation scheme, this shall constitute the DCA holder's irrevocable agreement that it thereby waives all claims in relation to the payment orders concerning which it accepts compensation (including any claims for consequential loss) it may have against any CB, and that the receipt by it of the corresponding compensation payment constitutes full and final settlement of all such claims. The DCA holder shall indemnify the CBs concerned, up to a maximum of the amount received under the TARGET2 compensation scheme, in respect of any further claims which are raised by any other participant or any other third party in relation to the payment order or payment concerned.
 - (d) The making of a compensation offer shall not constitute an admission of liability by the [insert name of CB] or any other CB in respect of a technical malfunction of the TARGET2.
2. Conditions for compensation offers
 - (a) A payer may submit a claim for an administration fee and interest compensation if, due to a technical malfunction of TARGET2, a liquidity transfer order was not settled on the business day on which it was accepted.
 - (b) A payee may submit a claim for an administration fee if, due to a technical malfunction of TARGET2, it did not receive a payment that it was expecting to receive on a particular business day. The payee may also submit a claim for interest compensation if one or more of the following conditions are met:

- (i) in the case of participants that have access to the marginal lending facility: due to a technical malfunction of TARGET2, a payee had recourse to the marginal lending facility; and/or
 - (ii) in the case of all participants: it was technically impossible to have recourse to the money market or such refinancing was impossible on other, objectively reasonable grounds.
- 3. Calculation of compensation
 - (a) With respect to a compensation offer for a payer:
 - (i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payee;
 - (ii) interest compensation shall be determined by applying a reference rate to be fixed from day to day. This reference rate shall be the lower of the euro overnight index average (EONIA) rate and the marginal lending rate. The reference rate shall be applied to the amount of the payment order not settled as a result of the technical malfunction of the TARGET2 for each day in the period from the date of the actual or, in relation to payment orders referred to in paragraph 2(b)(ii), intended submission of the payment order until the date on which the payment order was or could have been successfully settled. Any proceeds made by placing funds resulting from non-settled payment orders on deposit with the Eurosystem shall be deducted from the amount of any compensation; and
 - (iii) no interest compensation shall be payable if and in so far as funds resulting from non-settled payment orders were placed in the market or used to fulfil minimum reserve requirements.
 - (b) With respect to a compensation offer for a payee:
 - (i) the administration fee shall be EUR 50 for the first non-settled payment order, EUR 25 for each of the next four such payment orders and EUR 12,50 for each further such payment order. The administration fee shall be calculated separately in relation to each payer;
 - (ii) the method set out in point (a)(ii) for calculating interest compensation shall apply except that interest compensation shall be payable at a rate equal to the difference between the marginal lending rate and the reference rate, and shall be calculated on the amount of any recourse to the marginal lending facility occurring as a result of the technical malfunction of TARGET2.
- 4. Procedural rules
 - (a) A claim for compensation shall be submitted on the claim form available on the website of the [insert name of CB] in English (see [insert reference to website of CB]).

Payers shall submit a separate claim form in respect of each payee and payees shall submit a separate claim form in respect of each payer. Sufficient additional information and documents shall be provided to support the information indicated in the claim form. Only one claim may be submitted in relation to a specific payment or payment order.

- (b) Within four weeks of a technical malfunction of TARGET2, DCA holders shall submit their claim forms to the [insert name of CB]. Any additional information and evidence requested by the [insert name of CB] shall be supplied within two weeks of such request being made.
- (c) The [insert name of CB] shall review the claims and forward them to the ECB. Unless otherwise decided by the ECB's Governing Council and communicated to the DCA holders, all received claims shall be assessed no later than 14 weeks after the technical malfunction of TARGET2 occurs.
- (d) The [insert name of CB] shall communicate the result of the assessment referred to in point (c) to the relevant DCA holders. If the assessment entails a compensation offer, the DCA holders concerned shall, within four weeks of the communication of such offer, either accept or reject it, in respect of each payment or payment order comprised within each claim, by signing a standard letter of acceptance (in the form available on the website of the [insert name of CB] (see [insert reference to website of CB])). If such letter has not been received by the [insert name of CB] within four weeks, the DCA holders concerned shall be deemed to have rejected the compensation offer.
- (e) The [insert name of CB] shall make compensation payments on receipt of a DCA holder's letter of acceptance of compensation. No interest shall be payable on any compensation payment

We have assumed that there is nothing in the laws of another jurisdiction which affects this Opinion.

1. DOCUMENTS EXAMINED

For the purposes of this Opinion, we have examined the documents listed below and such other documents as we have deemed necessary or appropriate:

- (1) the [insert reference to the arrangements implementing the Harmonised Conditions for Opening and Operation of a Dedicated Cash Account in TARGET2] for the System dated [insert date] (hereinafter the “Rules”); and
- (2) any other document governing the System and/or the relationship between the DCA holder and other participants in the System, and between the participants in the System and the [insert name of CB].

The Rules and the [.] shall be referred to hereinafter as the “System Documents”.

- (3) the documents submitted to us in copy or as specimens conform to the originals.

3. OPINION

Based on and subject to the foregoing, and subject in each case to the points set out below, we are of the opinion that:

3.1 **Country-specific legal aspects [to the extent applicable]**

The following characteristics of the legislation of [jurisdiction] are consistent with and in no way set aside the obligations of the DCA holder arising out of the System Documents: [list of country-specific legal aspects].

3.2 **General insolvency issues**

3.2.a. *Types of insolvency proceedings*

The only types of insolvency proceedings (including composition or rehabilitation) which, for the purpose of this Opinion, shall include all proceedings in respect of the DCA holder’s assets or any branch it may have in [jurisdiction] to which the DCA holder may become subject in [jurisdiction], are the following: [list proceedings in original language and English translation] (together collectively referred to as “Insolvency Proceedings”).

In addition to Insolvency Proceedings, the DCA holder, any of its assets, or any branch it may have in [jurisdiction] may become subject in [jurisdiction] to [list any applicable moratorium, receivership,

or any other proceedings as a result of which payment orders to and/or from the DCA holder may be suspended, or limitations can be imposed in relation to such payment orders, or similar proceedings in original language and English translation] (hereinafter collectively referred to as “Proceedings”).

3.2.b. *Insolvency treaties*

[jurisdiction] or certain political subdivisions within [jurisdiction], as specified, is/are party to the following insolvency treaties: [specify, if applicable which have or may have an impact on this Opinion].

3.3 **Enforceability of System Documents**

Subject to the points set out below, all provisions of the System Documents will be binding and enforceable in accordance with their terms under the laws of [jurisdiction], in particular in the event of the opening of any Insolvency Proceedings or Proceedings with respect to the DCA holder.

In particular, we are of the opinion that:

3.3.a. *Processing of liquidity transfer orders*

The provisions on processing of liquidity transfer orders [list of sections] of the Rules are valid and enforceable. In particular, all liquidity transfer orders processed pursuant to such sections will be valid, binding and will be enforceable under the laws of [jurisdiction]. The provision of the Rules which specifies the precise point in time at which liquidity transfer orders become enforceable and irrevocable ([add section of the Rules]) is valid, binding and enforceable under the laws of [jurisdiction].

3.3.b. *Authority of the [insert name of CB] to perform its functions*

The opening of Insolvency Proceedings or Proceedings in respect of the DCA holder will not affect the authority and powers of the [insert name of CB] arising out of the System Documents. [Specify [to the extent applicable] that: the same opinion is also applicable in respect of any other entity which provides the DCA holders with services directly and necessarily required for participation in the System, e.g. network service providers].

3.3.c. *Remedies in the event of default*

[Where applicable to the DCA holder, the provisions contained in [list of sections] of the Rules regarding accelerated performance of claims which have not yet matured, the set-off of claims for using the deposits of the DCA holder, the enforcement of a pledge, suspension and termination of participation, claims for default interest, and termination of agreements and transactions ([insert other relevant clauses of the Rules or the System Documents]) are valid and enforceable under the laws of [jurisdiction].]

3.3.d. *Suspension and termination*

Where applicable to the DCA holder, the provisions contained in [list of sections] of the Rules (in respect of suspension and termination of the DCA holder’s participation in the System on the opening of Insolvency Proceedings or Proceedings or other events of default, as defined in the System Documents, or if the DCA holder represents any kind of systemic risk or has serious operational problems) are valid and enforceable under the laws of [jurisdiction].

3.3.e. *Assignment of rights and obligations*

The rights and obligations of the DCA holder cannot be assigned, altered or otherwise transferred by the DCA holder to third parties without the prior written consent of the [insert name of CB].

The provisions contained in [list of sections] of the Rules, and in particular in respect of the governing law, the resolution of a dispute, competent courts, and service of process are valid and enforceable under the laws of [jurisdiction].

3.4 **Voidable preferences**

We are of the opinion that no obligation arising out of the System Documents, the performance thereof, or compliance therewith prior to the opening of any Insolvency Proceedings or Proceedings in respect of the DCA holder may be set aside in any such proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

In particular, and without limitation to the foregoing, we express this opinion in respect of any transfer orders submitted by any participant in the System. In particular, we are of the opinion that the provisions of [list of sections] of the Rules establishing the enforceability and irrevocability of transfer orders will be valid and enforceable and that a transfer order submitted by any participant and processed pursuant to [list of sections] of the Rules may not be set aside in any Insolvency Proceedings or Proceedings as a preference, voidable transaction or otherwise under the laws of [jurisdiction].

3.5 **Attachment**

If a creditor of the DCA holder seeks an attachment order (including any freezing order, order for seizure or any other public or private law procedure that is intended to protect the public interest or the rights of the DCA holder's creditors) — hereinafter referred to as an 'Attachment' — under the laws of [jurisdiction] from a court or governmental, judicial or public authority that is competent in [jurisdiction], we are of the opinion that [insert the analysis and discussion].

3.6.b. *Priority of assignees', pledgees' or repo purchasers' interest over that of other claimants*

In the event of Insolvency Proceedings or Proceedings in respect of the DCA holder, the rights or assets assigned for collateral purposes, or pledged by the DCA holder in favour of the [insert reference to CB] or other participants in the System, will rank in priority of payment above the claims of all other creditors of the DCA holder and will not be subject to priority or preferential creditors.

3.6.c. *Enforcing title to security*

Even in the event of Insolvency Proceedings or Proceedings in respect of the DCA holder, other participants in the System and the [insert name of CB] as [assignees, pledgees or repo purchasers

as applicable] will still be free to enforce and collect the DCA holder's rights or assets through the action of the [insert name of CB] pursuant to the Rules.

3.6.d. Form and registration requirements

There are no form requirements for the assignment for collateral purposes of, or the creation and enforcement of a pledge or repo over the DCA holder's rights or assets and it is not necessary for the [assignment for collateral purposes, pledge or repo, as applicable], or any particulars of such [assignment, pledge or repo, as applicable,] to be registered or filed with any court or governmental, judicial or public authority that is competent in [jurisdiction].

3.7 Branches [to the extent applicable]

3.7.a. Opinion applies to action through branches

Each of the statements and opinions presented above with regard to the DCA holder applies with equal accuracy and validity under the laws of [jurisdiction] in situations where the DCA holder acts through its one or more of its branches established outside [jurisdiction].

3.7.b. Conformity with law

Neither the execution and performance of the rights and obligations under the System Documents nor the submission, transmission or receipt of payment orders by a branch of the DCA holder will in any respect breach the laws of [jurisdiction].

3.7.c. Required authorisations

Neither the execution and performance of the rights and obligations under the System Documents nor the submission, transmission or receipt of payment orders by a branch of a DCA holder will require any additional authorisations, approvals, consents, filings, registrations, notarisations or other certifications of or with any court or governmental, judicial or public authority that is competent in [jurisdiction].

This Opinion is stated as of its date and is addressed solely to the [insert name of CB] and the [DCA holder]. No other persons may rely on this Opinion, and the contents of this Opinion may not be disclosed to persons other than its intended recipients and their legal counsel without our prior written consent, with the exception of the European Central Bank and the national central banks of the European System of Central Banks [and [the national central bank/relevant regulatory authorities] of [jurisdiction]].

Yours faithfully,
